

17<sup>th</sup> March 2020

Dear Parents/Carers,

### Information for 4H re learning at home should the school close

It is looking increasingly likely schools will be instructed to close at some point in the next few days or weeks. If this happens it is important that pupils are able to continue with their education and we will provide work for pupils to complete at home. We recognise the majority of our pupils will need support from you with completing the work at home. This may include printing off worksheets, setting up electronic documents or helping them answer questions on paper or in exercise books. We will set a variety of work to meet the needs of our pupils and hope that they will enjoy the tasks and activities we set for them!

Please ensure you have access to your child's **Seesaw account** as this will be the main communication point between the class teacher and home for 4H. We have also created a link to a read-only **Google Drive** on our school website where the teachers will upload work on a weekly basis - <https://www.aldermanknight.gloucs.sch.uk/resources>

Work for 4H will be provided by Mr Hughes and he will ensure pupils in 4H have a range of subjects and activities to do across each week. We appreciate that different children will manage different amounts and would ask you to work with your child to enable them to do as much as they can.

For those pupils who are working towards specific accreditations the activities and tasks set will be focused on helping them complete the necessary work.

Mr Hughes will add work for each week to the Google Drive on a Monday morning by 10:00am. Additional resources including links to online resources will be shared as appropriate. However there will not be any work set week beginning April 6<sup>th</sup> or April 13<sup>th</sup> as these are the two weeks of the Easter holidays.

We would also like you to encourage your child to read every day. We will send home a book with them but would suggest you have some additional books available for them as well.

Finally just to say I hope all goes as well as possible for you and your families in the coming months as we all do our best to find a way through this difficult time.

Clare Steel

Head teacher
